About Life

Life is not a competition. Life is cooperation.

Purpose of life is to live purposeful life.

Life is not how many years you lived. It is how many hearts you lived in.

Goal of life is to maximize happiness.
Animals achieve it using survival of fittest.
Human should achieve it making everybody survive.

Bliss can come only through mutual support and can never be obtained in isolation.

Live to love. Love to live.

You might be busiest person in the world. But if you don’t know the purpose behind what keeps you busy, you are biggest fool!

Humans are designed to control urges. Animals are designed to follow urges. Be human. Have a purpose. Happiness is inwards. Action is outwards.

We cannot have the same face and voice. But we can always have the same heart and emotions inside that heart.

Life begins when you find the noble cause to die for.

Life without challenges is like gym without weights; you can walk through it but gain nothing.

Biology is natural. Resolve (Sankalp) is supernatural. Make your Sankalp as sacred as mother’s cloth and biology will be standing like slave before you.

The best gift human can give to human society is his humanity.

Life Management

More simplified life means less management. Less management means more enjoyment.

One who doesn’t grow in life is eliminated by the laws of nature, ruthlessly!

Only organic, consistent and incremental growth is real. Indiscipline growth is cancer.

Stay away from junk food,
junk people and junk thoughts,
and remain healthy for life.

Anything which is guaranteed
not to bring better results and
yet performed with passion
can be termed nothing but
'stupid.'

Celebrate your uniqueness.
Don’ t try to be copycat.

Too much analysis is paralysis.

Conducting noble actions with full faith and enthusiasm is the only way to save your life from wasting.

Treat your task like your worst enemy. Finish it before it finishes you.

Ego blurs rationality.

Greed is the highest level of foolishness. Neither do we own the world around, nor can we take it with us after we die. Hence running after what eventually would be lost is indeed stupidity.

Thinking devoid of action and action devoid of thinking both are called insanity.

Being depressed to get some sympathy is like burning your own house to get some heat.

Life is not possible without action. So have self confidence and faith in God. You need self confidence to conduct action. You need faith in God for its result.

Analysis without Valor is impotency. Valor without Bhakti is Jihad. Bhakti without Vivek is Insanity.

When you believe your problem is your faith, solution becomes impossible.

Religious cults and television are the two best inventions invented to brainwash everyone from children to elders.

There is no auspicious time to conduct noble act. Noble act itself makes the time auspicious.

Self Improvement

No one can be as honest and as powerful as you in elevating yourself.

Nothing is more satisfying than self improvement and selfless deeds.

Only fanatics refuse to change. Rest are evolving human beings.

If you do not improve quality of your life, you will only produce defects.

The only place you truly live in is your body. Make that place awesome.

Noble inspiration is the reason for character building.

Success Formula

Remove the fluctuations from intents and fluctuations from the path of success will go away.

Success should not be your goal, it should be your habit.

Confusion is the seed of all miseries. Someone with blind faith would be more successful than a confused one.

Each moment must break the success record of previous moment. This is real growth.

Short cut to success will only lead to failure.

Don’t believe the words that can’t shake you.

The most liberating thought is to believe that every moment is best for you.

Changing realities is more important than analysing them without a purpose.

Perform every act for a purpose, for a goal, or for a mission, and you will never know what depression is.

Samudra Manthan is painful but necessary process in every era. Garbage needs to get separated from nectar.

Motivational

Dreams are stories for many and reality of tomorrow for few. Latter are called legends!

When legend acts, expect changes. When he doesn’t expect even big. He is preparing.

You may have born coward. Thats your DNA. But don’t die a coward. Thats your mettle.

They fail because they keep talking. You win because you keep walking.

Don’t look into the past and regret.
Look at future and act.

When you beat others' best,
you create history.
But when you beat yours, you
create future.

When world comes at you with its worst, make sure you meet it with your best.

Don’t try to change the world. Just change yourself. World just follows.

Flame doesn’t wait for others. It fights darkness without fearing how dark it is.

Most discuss problems, few offer solutions.
Most come and go, few remain for ages.

Words are dictated by brain and actions by heart! And best is one whose brain and heart work in sync.

If you don’t have a road to your goal, build your own. Better than hoping that all roads lead to Rome!

Target of an Archer is penetrated by his eyes before the arrow.
Similarly winners are those who have already won in mind through commitment and conviction.
Rest of the winning is a mere show for outsiders!

Winning Spirit

Winners don’t search for legend. They become one!

Winners look back so that failures of past are not repeated. Others look back to find excuses for failures of present.

Victory = Defeat + ‘I won’t surrender’

Loser is not one who loses in battlefield. Loser is one who never entered it.

Don’t want to be remembered. Just want to repay the debts of our ancestors.

Being Brave

Brave’s heart is too soft to harm others. His hands are too tough to get harmed.
Be brave.

Fearlessness is the first trait of nobles. If you fear anything, you can’t be noble.

Being strongest means to
defend weakest.

Weak gives excuses. Strong takes resolve.

Weakness is greatest
provocation for bloodshed.
Strength is greatest guaranty
for peace.
Cowards believe in opposite.

Accepting your weakness is truthfulness. But to continue being weak is cowardice.

Have compassion to carry innocents on your shoulders. Have strength to crush wolves under your boots.

When you don’ t have spine to defend for what you believe, you end up celebrating everything that you fear you can not confront.

Two wrongs don’t make a right. And not retaliating after getting slapped is 2nd wrong.

Compassion without power is recipe to helplessness. Power without compassion is recipe to tyranny. So have both and rule the world.

It is easy to show valour in one-off war. But one who controls his senses for 24 hours, 365 days relentlessly is the true warrior.

Equality

Only fake God can divide his creatures into believers and disbelievers or high caste or low caste.

Only "lower caste" man is one who considers others the same.

If Brahmins came from God’s mouth and Shudras from feet, it only means that all humans are equally Brahmins and Shudras for all of us to have both mouth and feet.

Brahmin is not a
birth certificate,
but a qualification.

Before defending casteism, prove your high-caste DNA to be eligible to comment on Dharma. After all, this is era of duplicates.

To fulfil dreams of great souls who lived and fought for Dharma, bonds of Dharma must be stronger than any divisive force.

Respect Woman

Unless we respect the woman,
destiny will not respect us!

No model of the God would have existed had there been no mother.

Mothers are the reason why soldiers sacrifice their life in this otherwise selfish world.

There are two worlds. One belongs to world. The other belongs to mothers. In latter, you are the focal point.

Mother is probably the reason why most people in the world believe in God.

Life symbolizes the selfless love of your mother. Don’t let her down hating others.

Be a Man. Respect Woman

Those who do not believe in concept of ‘Matruvat Paradareshu’ (all women except one single wife are equivalent to mother) are disease of the society.

Love Animals

There must be some difference between carnivores and humans apart from number of legs and tail.

Compassion to ALL souls is necessary for getting Heaven here itself and then blessings of Ishwar in Moksha.

Killing cow is your fun, beef-eaters. Ripping you apart is mine.

Pashoonpaahi - Be the voice of those who can’t speak. Protect your animals.

Earth’s biggest charity for animal welfare is to become vegetarian.

You ditch cow, we ditch you.

Vedas say that a country that kills cows despite worshipping it will be tortured by impotents, devils, and miseries.

To treat animal like human is Dharma. To treat human like animal is Adharma.

The day a beef-lover uploads
images of profit-cartoon
competition on her instagram
with home address,
I will join her in opposing
beef-ban.

I do not eat meat because my stomach is not graveyard.

The only way to stop Gorakshak intolerance is to bring a law that brings even more intolerant punishment for Gohatya.

About Author

Sanjeev Newar is a Yogic scholar of Vedas, Gita and Hinduism. He has written several popular books on Vedas, Yoga, spirituality and misconceptions on Hinduism. He is the founder of Agniveer - a spiritual movement that works for equality of castes, genders, regions and religions in India and abroad. He is pioneer of Hindu Ekta Yajna initiative to bring equality across all regions and castes. He is an eloquent poet, orator and motivational expert who works to address suicidal or depressive tendencies. He is an alumnus of IIT-IIM, and a noted data scientist specializing in Risk Management. He considers casteism or birth-based caste system as anti-Hindu and has a mission to replace it with Vedic system of merit.

About Agniveer

Agniveer was founded by Shri Sanjeev Newar, an IIT-IIM professional, data scientist, and Yogi to provide a solution-oriented, spiritually driven, and honest approach to improving the world - within and outside an individual. Agniveer specializes in practical applications of timeless wisdom of Vedas, Geeta, and Yoga to address the contemporary challenges of life. Thousands of testimonials of transformation - from people who were on verge of committing suicide, fighting depression, confused about life, directionless, unable to address social injustice around - attest the massive change it has been able to bring.

Agniveer takes credit in bringing several ignored, uncomfortable but critical issues to public attention. Agniveer is the leading advocate of social equality in India and pioneer of 'Dalit Yajna' initiative to break caste and gender barriers. Agniveer spearheaded the Muslim women rights campaign facing severe backlash from conservative and fanatic elements. Yet, it was successful in bringing details of disgusting practices like Halala, sex-slavery, polygamy, triple talaq and love jihad to limelight and evolving a consensus against them. Agniveer women helpline deals with such cases and has brought many smiles.

Agniveer also introduced the concept of unarmed

combat workshops across sensitive parts of country to create a skilled team that is able to defend vulnerable from criminals. Agniveer is a prominent champion of de-radicalization and has brought innumerable youth to join the mainstream path. Agniveer's narrative on history has created a significant momentum to question the authenticity of populist history taught out of political compulsions.

Agniveer has published several books on social equality, caste equality, gender equality, human rights, the controversial religious rights and history, apart from books on self-help, Yoga, Hinduism, and life-hacks. Readers appreciate the books for straightforward, original, solution-oriented, practical, fresh, and mind-bending experience.

Everyone keen to live a meaningful life to fullest is welcome to join or support Agniveer mission.
